

Slimline

Aluminum profile kit 2m PCO WH

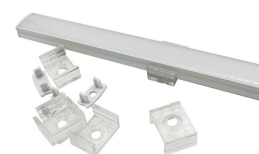

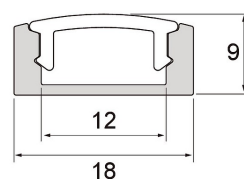

Mechanical accessories

Slimline Aluminum Profile Kit 2 m is designed for easy and versatile installation of led strips. The cleanly designed profile has a low structure and is suitable for 12 mm wide led strips. Surface installation on the ceiling, wall or, for example, on the lower surfaces of worktops. The kit also contains two ends with a hole and two closed ends and six mounting brackets, which enable two separate fixtures. Three color options.

Slimline Aluminum Profile kit 2m, white. Kit includes 2m white, opal diffuser, two end caps with holes, two closed end caps and six mounting brackets.

Stocked: Yes
